

The simple joys of life in Sikkim!

Have returned to my beloved Sikkim again. We are still in the rainy season which means occasional heavy rainfall, fierce thunderstorms but also days with nourishing sunshine.

Nature is green.....so green..... It almost seems as if the jungle jumps towards you from the mountainsides. Birds are singing joyfully and flowers are blooming abundantly. And the children.....are also abundant!

Abundant in their happiness,  
Abundant in their love,  
Abundant in their joy,  
Abundant in their playfulness,  
Abundant in their contentment,  
Abundant in their simplicity.

That is one of the things I like so much over here.....life is so simple....so uncomplicated and simple.....

Simplicity is the soundtrack of our daily life....and because of the simplicity.....it is so full....so rich.

Daily life is so very natural.....The sun comes up.....the sun goes down....we breath in and we breath out.....

The children eat and sleep, they study and learn, they play and smile, they develop and grow into beautiful human beings.....and that is what life is all about in Sikkim
